EXPERIENCE

MERN Stack Developer Intern
360 Bytes Technology

📅 Feb 2024 – Present

- Experience in developing and maintaining web applications using MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Proficient in frontend technologies such as HTML, CSS, Bootstrap and JavaScript.
- Experience in designing and developing RESTful APIs using Node.js and Express.js.
- Proficient in React.js for building user interfaces and state management.
- Conduct code reviews and provide constructive feedback for team members.
- Worked in an agile development environment, attending daily standup meetings and providing updates on progress.
- Ensure the application is optimized for maximum performance and scalability.

PROJECTS

Food Ordering Website
html, css, bootstrap, javascript, react, node, express, mongodb

📅 January 2024 – February 2024

- Developed a food ordering website utilizing the MERN to create a seamless user experience for browsing menus, placing orders, and managing account details.
- Implemented authentication and authorization using Node.js and Express.js.

Real Time Chat Application (Academic Project)
html, css, javascript, react, express, node, mongodb, socket.io

📅 August 2023 – November 2023

- Developed a real-time chat application where the users can create their Username & start chatting with the other people.
- Implemented real-time messaging features using WebSocket technology or libraries like Socket.io, enabling users to communicate instantly without page reloads.

E-Commerce Application (Academic Project)
html, css, javascript, react, node, express, mongodb

📅 February 2023 – April

- Developed an e-commerce application using the MERN Stack, featuring a user-friendly interface, secure payment processing, and seamless order management.
- Implemented RESTful APIs to handle data requests and responses.
- Designed and implemented a robust database schema using MongoDB.

EDUCATION

B.E in Computer Science
Chandigarh University

📅 August 2020 – June 2024   CGPA : 7.87

SKILLS

C++   HTML/CSS   JavaScript   React   Bootstrap   Node JS   Express JS   MongoDB   Json Web Token   Restful APIs   Mongoose   BcryptJs   Multer   Nodemon   Postman   Github   Problem Solving   Adaptability   Team-Oriented

ACHIEVEMENTS

- Participated in SMART INDIA HACKATHON (MIC , MOE , AICTE) 2022
- Finalist in SMART INDIA IDEATHON at Chandigarh University 2022
- AtCoder Toyota Programming contest - Ranked 3 among the 294 participants 2023
- Geeksforgeeks coding challenges - Ranked 184 among the 16K participants
- Solved 500+ coding problems on, demonstrating strong problem-solving and analytical skills

CERTIFICATION

- Full Stack Developent in MERN (Onsite) - 360 Bytes
- Mern Stack Development – IIT Kanpur
- Front-End Web Development With React - Coursera
- Object Oriented Programming in C++ - Coding Ninjas
- Programming in JavaScript - HackerRank
- Front-End Web UI Frameworks and Tools: Bootstrap 4 - Coursera
- Proficiency in English - Aspiring Minds
- Software Testing - NPTEL
